

VBOZ™ providing you with the widest range of Equipment Server Rack Cabinets.

While some brands boast about quality and others talk about price, the **VBOZ™** product line has upheld a reputation for excellence and superior performance for the Equipment Server Rack Cabinets.

With the **VBOZ™** brand, you can address all your major concerns:

- Quality,
- Price,
- Availability,
- Ease of doing business
- Depth of line with our abundant variety of Equipment Server Rack Cabinets.

Search no further!! You have found it!! Here we are confident you will be able to find your solution to your racking problems.

VBOZ™ X Series Extra Cooling Server Rack Cabinets

Heat is just one of the many factors severely affecting IT equipment performance. With today's high heat loads inside server enclosures, it is critical to use thermal management techniques with optimized enclosure ventilation.

Equipped with additional Exhaust fans to assist in pulling out thermal heat from within the cabinet, the X-Series performs with excellence in its bid to maintain temperature levels to optimal levels. Even its shelves and side panels are ventilated for maximum airflow.

Features and Benefits:

Front

- **Guaranteed Compatibility:** Fits all Apple, Compaq, Dell, HP, IBM, Intel and Sun Servers, including standard 19" equipments on the market
- **RU positions :** marked and notched for easy alignment and placement of equipment.
- **Full slotted Top Frame** at its four edges to allow for proper ventilation preventing overheating.
- **Perforated Front door and Side Panels** to optimize airflow.
- **Fan Mounted Louver Rear Door** assist air circulation in racks with many equipments to maintain temperature levels
- **Vented Equipment Shelf** provides additional air circulation between rack units.
- **Cable Management** are located vertically on the front and back of the cabinet used to maintain neat and tidy arrangement of cable routing within the cabinet.
- **Removable side panels**, front and rear doors allow easy accessibility from any side of the cabinet.
- **Strongly build metal Tray** to support non-rack mountable Equipments.
- Addition of **extra equipment shelf for future expansion** made easy
- **Sliding Trays** useful for non-rack mountable equipment (such as Keyboards)
- Adjustable feet and castors
- **Ships completely assembled.**
- **Lockable Perforated Door** allows airflow and viewing of rack equipments without unauthorized opening the doors.
- **Cam Lock** on side panels provides added security for equipment.
- Internal dimensions to **IEC 297-2** and **DIN 41494 Part 1** with addition to DIN-IEC drilling in EIA standard.
- Protection to foreign bodies to **IP20; DIN 40050 Part 1 & IEC 529.**
- Durable construction with a **500 kg static** load rating.
